## DECORATION DAY.

Oxford Lodge R. O. C. Show Their Respect for Deceased Brethren.

Yesterday afternoon, Oxford Lodge Room of England, decorated the graves of their sixteen brethren whose remains lie beneath the soil in Belleville cemetery.

There was a full turnout of the lodge members, who, headed by the Odd Fellows band, marched to the site. Nettle Cumber, which conveyed them to the cemetery, where three hundred spectators had assembled. The "city of the dead" looked its best, the grass being well trimmed, and a great many graves beautifully decorated with flowers.

After an eloquent and impressive oration by Bro. R. C. Holmes, Past Grand President, the members visited the grave of each of their deceased brethren, in the old record of names and dates, and the lowly mound was decorated by loving hands of the living. The ceremony was concluded at an early hour, when the party returned to the hall.

## A FINE CIRCULATING LIBRARY.

A Visit to the Rooms of the Belleville Library Association.

Belleville can honestly boast of having one of the best circulating libraries in the province. Since the Mechanics' Institute moved from the Robertson block to the Crank block, on the corner of Hotel and Front streets, the name has been changed to the Belleville Institute and Library Association. The new premises have been admirably fitted up. The ceilings are high, the rooms well ventilated, and most important of all, there is plenty of light. The second floor will be utilized as a lecture room. On that floor a room has also been set apart for chess, where members can indulge in their favorite game in perfect isolation from the rest of the building. On the third floor there is a large well lighted room which has not yet been put to any use, but which would make a good place for a museum and which would add greatly to the interest of the room. The upper stories are reached both from the reading room and from an entrance on Hotel street.

On the ground floor are located the reading room and library, in which will be found the best information obtainable in the way of books, papers, etc. With the addition of the new books recently purchased, Belleville can boast of a library embracing over five thousand volumes of standard works in art, fiction, science, history, theology, etc. When the new catalogue, now being published at this time, is issued members will not be allowed to enter the library, which will have to be enclosed by a railing. The librarian will give out all books to the request of members, who will furnish the number of the book desired. This will avoid confusion and waste of time in looking for books, which are often already in the hands of other parties.

If there is one feature more than another on which the Institute can claim to be a success, it is in the possession of a complete and pleasant library in the person of Mrs. Ponton. Always agreeable and anxious to please, Mrs. Ponton has made herself generally popular with the members and it would be hard to fill her position, which it is hoped will not be vacant for some years to come.

A reporter yesterday afternoon, in conversation with the librarian, gathered some interesting information. Last year there were 223 works of fiction in the library, and 162 works on biography, the latter being next in point of numerical importance. The books of the greatest value to the reader were fiction, last year 4,500 works of fiction were circulated among the members, the same books being read by different persons) while the next class in point of numbers was voyage and travel, with only 140 which only 140 were circulated. It can thus be seen how little the many other classes of books are perused by Belleville's book-worms.

The Omata took a party to the Napane race track yesterday afternoon.

The English cutter "Queen Ma," bound to her new home in New York, has put in at Bermuda disabled.

It is reported from England that Lord Roslyn and the Duke of Beaufort intend to leave for the Continent on Monday.

The Junior Quinte and the Junior Maroon lacrosse teams, will play a match in the rink held on Monday.

Within the past few days the Duke of Westminster has been asked whether 20,000 g. would purchase "Crus."

Severe Abdominal Curd.

DEAR SIR,—I had an abdomen just be-  
 hind my right ear. The pain was  
 after eating very much. I began  
 to take B.B.R., and after one month's use  
 the pain was very much better, but the ab-  
 domen entirely disappeared in four months.  
 I am certain that Blood Purifier is an  
 excellent remedy.

FREDERICK M. SHAW, St. Albans, Mich.

Dr. Fowler's Extract of Wild Strawberry

cure chills, cholera morbus, diarrhoea,

dysentery, and all sorts of summer com-  
 plaints, looseness of the bowels, etc. Price

50 cents a bottle.

Dr. Fowler's Pills prove the power of action

specifically upon the diseased organs, stimu-  
 lating the action of the normal organs of the

system, and thus restoring the system to its  
 normal condition. In fact, so great is the

power of this medicine to cleanse and purify  
 the system of almost every name and nature

driven from the body. Mr. D. C. Carver,  
 General Ticket Agent, writes: "I have tried

Fowler's Pills and find them an excellent  
 medicine, and one that will sell well."

Main town here have paid a bounty of

\$100 on 32 lbs.

Joseph H. Miller, of Virginia, N.Y., writes:

"Dr. Fowler's Pills cured a badly swollen

and sore throat, and after one month's use

one application also removed the pain

of a very severe case of cholera morbus, the

whole system being so much improved that

the patient was able to eat and drink, and

in twenty-four hours was entirely cured.

No dollar looks to big as the one you

want and can't get.

The superiority of Mr. Fowler's Worm Ex-

terminator is shown by its good effect in child-

ren. Purchase a bottle and give it a trial.

### EXPLOSION IN A COLLIERY.

143 COAL MINERS ENTOMBED IN THE PIT.

Four Bodies Have Been Recovered and It Is Feared the Loss of Life Will be Heavy.

Thursday, July 5.—The Intelligencer was informed by a reliable source, that an explosion had taken place in the colliery at the foot of the main shaft, at the foot of the main shaft, at the foot of the main shaft.

London, July 5.—Great excitement has been caused in Liverpool, Yorkshire, by an explosion that occurred Tuesday in Ingram's colliery.

One hundred and forty-five miners are entombed, and it is feared that the loss of life will be heavy.

Rescuing parties are hard at work, and four bodies have been recovered and are being taken to the surface.

The pit is badly blocked with fallen rock, and the progress of the rescue is being retarded.

It is feared that the loss of life will be heavy.

Considerable trouble is experienced in keeping the surface of the mine from being flooded.

The day shift went to work as usual early this morning. The ventilation was kept up, and the mine was in good order.

After taking out the bodies found at the bottom of the mine, the rescue party went on for several hours before making another descent.

At the middle of the morning they went down again. The gas had cleared off the surface, and the rescue party went on for several hours before making another descent.

"ABSURD AND MEANINGLESS."

A prominent politician in Winnipeg, says

the Free Press of that city, after reading the

proceedings of the Ottawa Gt. Convention,

exclaimed:

"There was one very absurd and meaningless

resolution moved at the national convention.

not acted upon. The police department,

THE MANITOBA SCHOOL

QUESTION.

BATHURST, N.B., July 6.

The Winnipeg Free Press, the leading

Reform journal of Manitoba and the North-

west, refers to the Gt. Convention on this

question in the following language:

"Mr. Laurier has never appeared so badly as

in connection with this question. It is not

his friends claim for him that he is a frank,

bold, fearless leader. He could not have said

more plainly, if he had, yet it is not his

words that he and his party are determined

to use the Manitoba school question purely as

political capital, thus following the example

of those who originated it. He drifted

on the question. With amazing incon-

sistency and impudence he accused of

treason the members of the Government for

not doing the very thing he refused to do

himself. Such an accusation comes with bad

grace from Mr. Laurier. Taking his own view of

what should Ministers do, he would not

advise any more than himself. As a matter of

fact, however, all Canada knows the policy of

the Ministers. They are proceeding strictly

according to the constitution. It was not for

them to interpret that constitution. They

leave that to the courts. If the courts find

that the minority are not entitled to a remedy

the whole question will end there. If they

say that they are entitled to it, they will

be bound to submit the necessary legislation

to Parliament. That is straight-forward, honest

policy, and an intelligent one, but Mr. Laurier

pretends not to understand it, and thus

convinces his party across the Minister of

cowards for not facing it and then himself

run away from it. He refused to face the

order to leave the question open, that his

policy in Quebec may be capital by playing

on one side of it and his policy in Ontario

on the other. The cowardice is all on

the side of Mr. Laurier and the Liberal con-

vention.

THE SILVER CRISIS.

The following lucid explanation of the

silver crisis in the United States, which is

furnished by a contemporary, will be read

with interest at the present time:

Before silver became sold in the

shape of bullion. It is a mere com-

modity. When 70 cents is bid and 70 cts.

asked for silver in Wall street, it means,

that amount was offered and asked for

stiffness of money, an increase in loaning  
rates, and a consequent shutting down of  
credit in all directions. In other words  
the less a speculator of a flurry in the  
money situation led to a demand for money  
instead of any note, cheque or other prom-  
ise to pay in money.

This is the explanation of the present  
crisis, which is causing so much trouble  
among American monetary institutions.  
Every man in the Government is hampered  
by law to act in the open market no less  
than \$500,000 worth of silver, and print  
a lot of Treasury notes to represent its  
cost.

It was thought when the Act was passed  
that the price of silver would be about  
the price of gold, and that the price of  
gold would remain at \$1.29 per ounce,  
which is the price of gold in the open  
market. The price of gold is now about  
\$1.30 per ounce, and the price of silver  
is now about \$1.29 per ounce.

The price of the Italian Government, which

says that every holder may to keep his

of 10 in the open market and have it

backed up by the Government with a con-

tract of 10 in, and at once the price falls

it enables the Government to get silver more

cheaply, but it is the same thing every one

of the world knows. The price of silver is

standing in the air, and is not intended to

pay a penny that is not in the hands of the

Government. The cost of producing silver

in the United States is about 10 cents per

FARTURUNT MONTER, NASCIUT

RIDIGULUS MUS.

The Grit mountain has labored, and the

spouse has been duly engendered, according

to the standard Grit met at Ottawa, and

that political Phipps has lodged

members with a view of the most profitable

land of promise which they pretend to be

in expectation of getting at this general

election. In order to this effect they

have "adopted a policy" of the most

to drive the vile Tories out of place and

power, and to fill their seats with lam-

inate statements of the Marler stage, who

will be prepared to listen to the cry of "bet-

ter times" from the lower provinces, at the

expense of Ontario. They also have

made a programme of a few of whom they

will not be so numerous as 100,000, with

a revenue duty of 30 p. c. over, carefully

adjusted so as to be levied on the most

are not produced in Canada, thus removing

the stigma of "protection" from our main

facturers, and leaving them to face un-

dered the competition of the world. 2nd. Re-

publicity with the United States, and they

are to get it without paying the price

the country has already refused to pay, they

do not inform us. 3rd. A blockade on the

question of prohibition, to tickle the tem-

perance folk (here we recognize the "fine

Italian hand" of Sir Oliver Mowat). 4th.

A denunciation of the Dominion franchise,

and a proposal to adopt the Provincial law

instead, which as they are all Grits, one

would largely increase the strength of the

"party of purity." 5th. A strong denunciation

of the Dominion government, by the

premier of Ontario, the worst gerrymander

province or state on the continent

—and, 6th. The abolition of the School

system by their prospective pre-

decessors, notwithstanding the previous de-

claration of Mr. Tarte, whose tactics seemed

to have been considerably neutralized by

the non-committal notice of his leader and

the chairman of the convention.

The Greatest Evil

One of the greatest evils ever made

in the medical line for the cure of all

cases and dandruff, is now getting intro-

duced into this country, and placed on sale

by the drug trade. There is no more

nausea than a scurvy scalp, and nothing more

disagreeable than to see dandruff falling

down on your face or hair. Many

remedies have been offered from time

to time to stop this evil, but without effect.

A specialist—one of the world's great

scientists and specialists in scalp diseases—

Vienna, Austria, has been successful in

discovering Dandruff, which is now on

sale everywhere. DANDRUFF WORKS

quick and sure, and at the same time

most desirable to have on your head for

it, and who you get tell your friends,

that all may know how successful this work.

## NEW BOOK.

# Witness to the Deed.

By George Manville Fenn, author of "Jesse White,"  
"Double Crossing," "The Man With a Shadow," etc.,  
etc. Price 50c.

George Manville Fenn's stories are almost certain to be readable, strong in plot, and vivid in the portrayal of character. A young sailor, Malcolm Stratton, about puffed up with money and power, marries a stranger and to marry a lovely and rich widow, when a stranger appears on the scene and proclaims himself the husband of the intended bride. His demands are so unreasonable, that Stratton refuses, a struggle takes place between the two, a revolver is used, Stratton is shot, and the story ends.

time for a wedding ceremony has passed and friends of the celebrating parties come in search of the groom. When they arrive they find him suffering from what is apparently a self-inflicted wound, and half mad with agonies of regret and terror. From this point on the narrative grows more and more interesting, and through a series of exciting incidents, till, after a tragic climax, the lovers are reunited.

BELLEVILLE, TUESDAY JULY 11.

CITY AND DISTRICT.

FRED ABRAHAM, master of marriage licenses at the INTELLIGENCER office.

Belleville, Mo. St. L.O.O.F., will hold an open installation on Thursday evening.

The Plainsfield Organmen had a church parade on Sunday. There was a large turn out.

Mr. W. P. Hudson, M.P.P., and Mr. E. N. Gould, of Plainsfield, have qualified as Justices of the Peace.

Annual exercises of West Belleville Methodist Sunday school will be held Thursday, July 13th, at Massena Park. The Ladies Guild leaves Denver's wharf at 5 a.m., 10 a.m. and 1:30 p.m. Tickets 20c.

Spear's Pills promptly remove the cause of sick and nervous headaches. These pills speedily correct irregularities of the stomach, liver and bowels, and are the most and most reliable cathartic in use. No one should be without them.

J. L. Thomas, formerly proprietor of the Woodbine Hotel in this city, is now proprietor of "The Hotel" at 1401 State street, Chicago. He invites the patronage of his Belleville friends, while taking in the White City this summer. 1330a.

S. A. excursion. If you want to spend a solid day's enjoyment with friends at Platteau or the Lake on the Mountain, and a moonlight trip home, don't fail to attend the above. The date is Wednesday, July 19th. The boat is the popular steamer "Erie." Fare for round trip 50c.

A youth named Thomas Ramsey was walking near the lower bridge yesterday, looking at fifteen cents in his outstretched hand. With this he entreated, with which the youths in that neighborhood are characterized, several youngsters knocked the money into the street, and after gathering it up made off with it.

Richard John Stapley, of Canfield, reports to the police that his seven year old daughter, Agnes May, had not been seen since eleven o'clock yesterday morning. At that hour she was at the farm of Wm. Blackmer's farm. The child has probably wandered across the Canfield bridge and is stopping at some place near there.

Frankford will have a big time to-morrow, in which the True Blues, Prentiss boys and Organmen of the district have been asked to take part. A large number of brethren will go from Belleville, by the Ella Rose, taking the train at Trenton. The Oldfathers' band will arrive to Shan-nonville and take the Ella Rose at that point.

At the City Council last night letters were read from A. J. Close and Mr. Fraser, of the Belleville Electric Street Railway Company. Mr. Close stated that so far they had been successful in interesting capital because of the distrust of all electric railway companies as investments.

Close stated that the time for commencing the road be extended. In his letter Mr. Fraser said that the negotiations were making favorable progress.

The investigation at the O.A.C. is still in progress at Glasgow. It was shown that Prof. Shaw's income from his connection with life stock journals was about \$1,000 annually. The professor's expense account while he was attending to the journals, and the original bills were produced. They did not always correspond with the statements of the professor to the government. The discrepancy amounted to \$400 in two weeks.

## THE CITY COUNCIL.

THE BROWN MANY CO. WANT A RAILWAY RIDING.

The Matter Left Over to a Regular Meeting of the Council—R. J. Graham has the power to do as he pleases.

The City Council held a special meeting last night (in the chair, Ald. Robinson, Sheriff, G. D. Doyle, W. L. Taylor, J. L. Lott, Diamond, Haight, Lumbard, Collins, The U. A. Brown Many Co. and the following communication: "We find that with an increasing trade in bridge building, it is absolutely necessary that we have a railway siding into our works. To do this, we propose connecting with the main line of the Great Junction Railway, in rear of Mr. Tennant's property on the north side of Foundry Street, thence across said street at right angles into our premises, lot 40 B, on north side of Foundry St. We would respectfully ask your permission for right of way across Foundry St. We may say that we have made all arrangements for the U. A. Co., and that we bear the whole expense of the proposed siding."

Ald. Foulds, by Ald. Lumbard, "That this Council do hereby, in so far as they can legally do so, grant the prayer of the petition upon the terms and conditions of this by-law to be prepared for the purpose and introduced at the next meeting of this Council, the said company agreeing to indemnify the city against all loss, costs, charges, damages or expenses which may be incurred by reason of the passing of the said by-law or the granting of the petition as a condition of the passing of the resolution, and agreeing to bear all the expenses connected with the construction of said siding and grading the said street in conformity thereto and to do the necessary filling and draining under the supervision and to the satisfaction of the City Engineer."

After some discussion the motion was withdrawn in order that the matter might come before a regular meeting of the Council.

City Engineer Hume reported that he had examined the street on which it was proposed to lay by way of a public highway leading thence, towards the Walker Foundry property. It seems that the latter of the street is the present G. R. R. track and the present by-law of the city gives Mr. Graham or any other citizen such privilege, no action was deemed necessary.

The Council adjourned.

## FANNON BILL'S SHOW.

The London Free Press says: "Fannon Bill's Wild West organization performed before two large audiences here on Saturday. The tents and canvas booths were erected on Short's grounds on Rectory street and the Street Car Company's lot. The show was a very good one. It abounds with features thoroughly characteristic of western life, from the lassoing of a steer to the lassoing of a horse, the Indians, Arabs and cowboys are included in the troupe; there is an excellent brass band and a splendid collection of horses. The arena in their tumbling and acrobatic feats are quite as good as anything ever seen here and possibly better. The show is a very good one. ALMOST ANOTHER HORROR.

NARROW ESCAPE OF MANY FROM

DEATH AT CHICAGO.

A Lake Steamer Crashes Into the

Explosion Pier, where Thousands Had

Congregated to Watch the Steamer

Being Sunk Yesterday.

Chicago, July 13.—Even more heartily

than the preceding occasion, the

crowd was the welcome that went

out yesterday to Capt. Magnus Anderson

and his crew, who were seen in the

stripped sail of the historic boat ap-

pearing in the harbor. It was a scene

of cannon and shouts of a great

throng of people that was packed

along the levee from the long

stretch from the art palace down to

the Auditorium Hotel.

The trip from Racine was one great

ovation to the sturdy Norwegians and

GLASGOW WAREHOUSE.  
Belleville, July 13th, 1893.

### Daily Intelligencer.

BELLEVILLE, FRIDAY, JULY 14.

#### CITY AND DISTRICT.

The Ella Rose brought an excursion from Naperville to-day.

None but top story thermometers may expect belief these days.

So far July this year has been much cooler than for some years past.

A number of local brethren will visit the Trenton A.O.U.W. on Monday.

FRANK ABRAHAM, insurer of marriage licenses at the license office.

The str. Anna Gilbert has had her shaft repaired and is once more on her route.

The Oddfellows Band will be on the moonlight excursion on the "Hero" to-night at 8 o'clock.

The apple crop will be very short in this district. It will be still worse in the northern portion of New York state.

The Inspector lately found a deficiency in the cream of milk furnished by five of the patrons of the Ormond cheese factory at Hastings.

Capt. Frederick, of the Nellie Outbiter, writes us that his boat did not run to Massena Park place of the day.

While the latter was in the city, he has no connection, he says, with the trips of the Gilbert.

The annual excursion of the Sunday school of West Belleville Methodist church, G. A. Swartz, superintendent, was held at the Park yesterday.

These people enjoyed the day very much and being an enjoyable time for all who attended, was a financial success.

Ayer's Pills promptly remove the cause of sick and nervous headaches. These pills speedily correct irregularities of the stomach, liver and bowels, and are the most safe and most reliable cathartics in use. No one should be without them.

All cutting shirts, ties, hosiery, gloves, suspenders, underwear, collars, cuffs, handkerchiefs, rubber coats, at Harry's Up-Town Furnishing store, for the next few weeks at prices that will induce any person reading such things to buy.

J. L. Thomas, formerly proprietor of the Woodbine Hotel in this city, is now proprietor of "The Boston," 1469, State Street, Chicago. He invites the patronage of his Belleville friends, while taking in the White City this summer.

Harry Teasler, who was found guilty of stealing five dollars from the house of Mr. D. Maclean, yesterday confessed to Officer Hayes that he also stole the fruit from Mr. M. Bonlatre's house. The magistrate gave him a suspended sentence of three years in the Reformatory.

Before Judge Lath yesterday the appeal of Patrick Fitzpatrick against the assessment of \$750 on personally was terminated. The assessment was lowered to \$500. In the appeal of Henry Hodgson and the Greek estate judgment was reversed until Saturday.

When inserting a copy in our issue of the 13th we inadvertently stated that it was by the late Hon. E. Murray of Belleville. The lines were taken from an old paper and are from the pen of the late Sheriff of Hastings, J. W. Dunbar Moore, although not published over his own signature.

It has been suggested by a citizen interested in Belleville that the city should be provided with firemen's life saving nets. The idea is a good one, and the late fire in Chicago furnishes a proof of the necessity. The net costs little or nothing and each house wagon could be provided with one.

#### TEMPERATURE.

As Registered by Dr. Smith's Self-Registering Thermometer.

7 a. m.—Temperature 70.

10 a. m.—Temperature 70.

1 p. m.—Temperature 62.

Barometer 29.74.

Maximum 82. Minimum 62.

#### PROBABILITY.

Toronto, July 14.—Generally fair; some local showers; warmer in most places.

#### Progress.

It is very important in this age of vast material progress that a remedy be given to the law and to the science of the law.

Acceptable to the stomach and healthy in its nature and effect. Excessive use of the quality, Syrup of figs is the one perfect laxative and most gentle diuretic known.

It is to-night that the "Hero" has a "moonlight" on the bay and the Oddfellows Band will be present.

Children Cry for Pitcher's Castoria.

### ONE OF THE OVERFLOW.

MRS. EVA ROSE YORK.

I met him on the journey from Toronto to St. John. The boat beside him was the only one in the canal.

He was a tall, thin man, with a pale face and grey eyes.

We covered a distance of, perhaps, ten miles, when my companion turned a leaf in his book, and I read upon the page:

"The river of life overflows its banks. Yes, I thought, there are too many people in the world. But the 'man' must be there."

Was the author one? Is the stranger one? Am I one? It was an uncomfortable thought which I dismissed from my thoughts as soon as possible.

The stranger, for a few moments, then fixed his eyes on me.

"Madam, I perceive that your destination is the same mine. (I hope you have room.) How is it that you are going by Boston? It is a round about way."

I replied that I was going that way hoping to be more comfortable. The Montreal train was so full of people.

"My dear Madam," he answered, "it is possible that you have experienced the inconvenience of being in an overflowed world. I have had many and experiences."

Here the melancholy man closed his book and looked at the rain falling about from the east.

Buffalo was reached at last. In the depot, sad-eyed women and men who were frowns wandered aimlessly around the cars, or sat gloomily in the waiting rooms, and I inferred from the discontent written upon their faces, that most of them belonged to the "man."

They were eager to be away somewhere, anywhere, where there was room.

I was especially interested in some of the travellers, one of whom displayed an air of indifference, and gave me a comfortable feeling regarding his right to be there.

"He is a handsome young man wearing coat and wedding ring. (I found I was a bear in his eyes). There was a woman of thirty waiting impatiently for the man she loved."

"If he be faithful, and if she be true, I heard her whisper to her friend, 'I will lose all hope.'"

Then followed a conversation which I had no wish to hear, something about another lady who had just arrived from the south.

"I know that even then there was something the death knell of her last hope. For if love once passes by a woman of thirty, she rarely returns."

My pity was growing into pain, when an opera house entered by a side door, and entered as by giving expression to their indignation, even failure on the part of their advance man.

Another troupe had their night, and the stout, dark man, who had been in the world, and who was always of the opinion that there were too many people in the world, and who became thoughtful, and he rehearsed their dilemma.

At this moment the melancholy man entered, and taking a seat beside me, said:

"Madam, it seems ridiculous for a man who has been accustomed to disappointments of the most sorrowful kind, to grieve over trifles. But I am tired to-night, and I feel exceedingly that there is no room for me in the Boston sleeper. To be crowded out has been the curse of my life; but there is no sleeping room in the world."

I wonder if the graveyard are all full? I was about to offer what I thought would be a consoling reply, when he continued:

"Have you secured your own berth?"

"Oh yes," I answered. "At least I have given my name; but perhaps the spaces are not at my time."

"Go at once and enquire," he said.

And I went and enquired, and was met with the reply, "Not a berth left!"

"I am," he argued, "tired of my name and was promised a berth."

"A mistake nothing to do. I am very sorry, but the berth is not yours. I am sorry, but the berth is not yours."

There was something to do but to go on in discomfort, and I heard the open-door-melancholy man's voice, and he said:

"All about Rochester, Syracuse, Albany, Springfield, Worcester, Boston! All about."

Hurrying along, I saw the melancholy man literally carried by a group of sailors, and he said:

"I am," he argued, "tired of my name and was promised a berth."

"I am," he argued, "tired of my name and was promised a berth."

"I am," he argued, "tired of my name and was promised a berth."

"I am," he argued, "tired of my name and was promised a berth."

"I am," he argued, "tired of my name and was promised a berth."

"I am," he argued, "tired of my name and was promised a berth."

"I am," he argued, "tired of my name and was promised a berth."

## GOOGI'S GREAT GIFT TO THE BOY, A Sixty-five dollar "\$65.00" Spartan Bicycle

Every boy has a chance to get it. The boys will be put in the glass jar by three prominent and responsible citizens and sealed, and on August the first the seal will be broken and the beans counted. The one guessing to the nearest number of beans gets the machine. A \$2 purchaser is entitled to one

guess; a \$4 purchaser two guesses; a \$6 purchaser three guesses; and so on. Don't forget that in addition to this we are holding the Biggest

### BARGAIN SALE

ever witnessed in Canada, and Fridays hereafter we will set aside as

### A SPECIAL BARGAIN DAY.

When we will offer the following—

Boys' \$5.00 Suits for \$3.50. Boys' \$4.00 Suits for \$2.95. Boys' \$3.50 Suits for \$2.00. Boys' \$2.75 Suits for \$1.75. Boys' \$2.00 Suits for \$1.50. Men's \$10.00 Suits for \$7.00. Men's \$8.00 Suits for \$5.00. Men's \$6.00 Suits for \$3.50. Men's 5-c Flannel Shirts at 19c. Boys' 10c. Straw Hats 5c each. Boys' 50c. Knicker Pants at 25c. per pair. Men's \$1.50 fine Fur hats \$1.00. Boy's 35c. Knock-about hats 25c. each. Men's 30c. Ties only 10c each.

These prices only good on FRIDAY, OUR BARGAIN DAY, and cost will not be taken into consideration. Remember FRIDAY hereafter we will run as a Special Bargain Day. Every other day through the week we will sell at less than other merchants can buy for, but Friday, remember, at about one-half our regular prices. Therefore, we say don't forget our Bargain Day, it will pay you and a money you well.

are buyers and some sellers at the prices we are selling dresses for now. So, it's good news at cheap prices, you'll most likely get satisfaction at this big store. Buyers understand that we haven't spent a life time learning this trade to be found poking along like an old-fashioned Bowerly notion dealer, with a little of everything and not much of anything. Continue as usual—see what you can do to increase our Silver stock. It will be an elegant display in a few days.

See those new bedroom sets.

DR. DENKER ON THE FAIR.

An Instance Which Will Give Some Idea of the Magnitude.

Dr. Denker, late U.S. Consul here, in writing to a friend in Belleville, says: "I arrived in Chicago on Saturday last at 11 p.m. I went to the Fair yesterday (July 10). The vastness and variety of the display overpowered me with the hopelessness of attempting to see all the exhibits. I spent most of the day in the building devoted to the fine arts. One can spend months there without being able to examine all that is to be seen. The accommodations appear ample. Every room was filled readily found a seat. The fire and loss of life in the cold storage building occurring while I was on the ground, but I did not see it nor learn of the extent of the disaster until the evening papers published the news."

"Sunday opening has proved such a failure that many of those who favored it in the afternoon have been disappointed and that the people have more regard for Sunday than they supposed. This is a gratifying fact."

A PUBLIC INSTALLATION.

Belleville Lodge No. 81, I.O.O.F., held an open installation in their lodge room in the Roberts block, last night. A large number were present. The officers were installed by Rev. F. W. Armstrong, D.D. G.M., as follows:

J. A. Stauder, J.P.G.; W. W. Kelly, N.M.; J. W. Weas, S.M.; J. H. Ashby, R.S.; J. A. Borbridge, P.S.; J. A. Coon, Tress; J. Stout, Chaplain; P. W. Farnum, Warden; F. G. Miles, Sec. Every room was filled readily found a seat. The fire and loss of life in the cold storage building occurring while I was on the ground, but I did not see it nor learn of the extent of the disaster until the evening papers published the news."

J. L. Thomas, formerly proprietor of the

Woodbine Hotel in this city, is now pro-

prietor of "The Boston" at 1469, State

street, Chicago. He invites the patronage of

his Belleville friends, and the people of the

Wills City this summer. 1343m

The heaviest rain that has occurred for

many weeks fell to-day between

7:45 and 1:15 a.m. During

time it is probable that an inch

or more of rain descended. The in-

creasedness of the city's drainage was once

more clearly demonstrated.

At the police court to-day, John Farrell

was charged with taking up a

Queen street without authority. He

was discharged with a caution. James Fortune

for disorderly conduct was committed to the

gaol for six months. He was charged with the

discharge of his duty. He was sent to the Cen-

tral for six months.

trip, 50 cents, children 25 cents.

As the City Council last night, Ald.

Duffy, chairman of the Public

Committee, referred to the unnecessary and

long continued discussion indulged in night

after night in dealing with matters entirely

irrelevant to the question at issue. If the

meetings were prolonged to such length in

the future, the Chairman of the Public

Committee would not be present to answer queries.

A militia general order just issued states

that major of regiments of cavalry, as well

as battalions of garrison artillery, or infantry

who have served continuously for fifteen

years, after six years of service, shall be

**Pavane Bill's Show.**

There was a large attendance at Pavane

Bill's Wild West yesterday, despite rain in

the evening. The performance was good

and gave great satisfaction, all the fea-

tures of wild life in the west, as well as

a few years ago, being represented.

At the afternoon performance a sen-

sation was caused by the running away of

a team with one of the chariot horses.

Animals were stopped before any damage

was done.

Here for Kingston and return Friday

next at 6:30 a.m. Two hours given in the

## LONG WINDED ALDERMEN.

THEY TALK ALL NIGHT ABOUT ONE POLICEMAN.

Although all seem to have been of the

same opinion as to having Sergeant Mc-

Cradden retained on the force, the City

Council held a regular meeting last night, his worship Mayor Wallbridge

in the chair. All of the members were

present, except Ald. Landenberg and

Sheriff. Mr. Henry Carr, C.E., in a com-

munication, asked that the city pay him \$100

on account of a new survey of the city

for the year 1893. The committee re-

solved to pay him the sum of \$100.

Mr. J. J. Graham asked that certain

taxes on the Star Block be remitted, since

they had been collected for a period during

which he was not the owner. Referred to

Council of Revision.

Sergeant McCradden asked the in-

fluence of the Council, to be retained on

the police force, which was backed up by

the report of the various committees, al-

ready of the same opinion. The Council

was in favor of retaining the police

force, and the Mayor, who had been

in favor of retaining the police force, was

in favor of retaining the police force.

The Executive Committee's recommenda-

tion to retain the police force was

unanimously adopted. The Mayor, who

had been in favor of retaining the police

force, was in favor of retaining the police

force.

he had not, and would be able to satisfac-

tory explain his position.

Ald. Diamond moved in amendment that

the Council having twice unanimously re-

quested a reduction of the police force,

and whereas, the Commissioners having

had the matter before their observation,

decided to reduce the force by one, not ex-

ercising the responsibility of dismissal, but

having transferred the right to the Chief

of Police, and whereas, the Chief of Police

being under the direction of the Commis-

sioners, as aforesaid, did dismiss Ser-

geant McCradden, and whereas, the Com-

missioners feel bound, under their action,

## PROPERTY IN THE NORTH-WEST

Mr. Walter Afford speaks of the develop-

ment of Calgary.

Mr. Walter Afford last night returned

to the city from Calgary, where he is

superintending the erection of a \$40,000 post

office. Mr. Afford will remain in the city

for three or four months, after which he

returns to Calgary to complete his contract.

He speaks in high terms of Calgary and its

future prospects. Calgary has now a popu-

lation of 7,000, and is steadily growing.

In many respects the stores and business

portion of the town are even better than

Belleville, although the living is much

more expensive. Mechanics have to pay

\$20.00 to the city board. Mr. Afford

paid \$10.00 for a house in a week, while

the leading hotel charges fifteen dollars

a week. The question of life cost is pro-

prio. A suit of clothes sells for twice

as much as they do in the east. Laborers

get \$2.00 a day and mechanics from \$3.00 to

\$4.00 per day. Calgary is surrounded by prairie

land, which is only used for grazing pur-

poses. Agriculture is not carried on to any

extent. While the summer is not so warm

as here, the thermometer dropped to 97°

below zero last winter. The merchants

and business men are a substantial class

of people, and to strangers Calgary, situated

as it is in the center of a wide expanse of

prairie land, is a comfortable place to live.

## FOUR SCORE OR MORE.

OUR LIST OF PATRIARCHAL RESI-

DENTS CONTINUED.

It contains 51 More Names—The Oldest is

Nearly 91. A Most Remarkable Pair

of Twins—Highly Interesting In-

formation.

The INTELLIGENCER to-day continues the

publication of the names of residents in

this district who are over eighty years of

age. As the list increases the fact becomes

more surprising that so many people could

have attained such remarkable longevity in

a district encompassed in a radius of twenty

five miles. It is impossible that a full

list be secured, since people who have

attained such an age have long since retired

from the active arena of life and are not

easily accessible. Those who guarantee who

up to date have not sent in their names to

this office are again asked to send them. It

is desirable that the list be closed as soon

as possible.

Probably the most interesting case of

longevity brought under our notice is that

of Mrs. Crowther, now living at Newwood,

and her brother, Samuel Minaker, now

living at Redwoodville. These twins were

born in July 15th, 1810, at Sandwich, Ont.

Prince Edward county, and were con-

sequently eighty-three years old last Thurs-

day of this month. The twins are as good

as one only one parallel to this case, the

particulars of which were noted in Thurs-

day's issue. The parties living in Illinois.

Mrs. Crowther is a remarkably active

woman for one of her years. She is in the

full enjoyment of her faculties and has

never known any serious illness. She was

twice married. Her first husband was

a man who lived in Belleville. Since she

was eighty years old she has made eleven

travels to her grandchildren. The twins are

eighty years old and she has lived to

make a hundred. She only partially lost

her sight twenty years ago, but she is still

giving her a pair of eyes that do not re-

quire the assistance of glasses. She remem-

bered Belleville when it contained only a

few settlers and was surrounded by a

forest. Mr. Minaker still resides in the

full of vigor and at all appearances looks

as if he had many more years of use-

fulness before him.

John Garrison writes from Monticello,

Iowa, and claims a place in the list of pa-

triarachs who were born in this section. He

was born in 1805, in the township of Fred-

ericksburg in the county of Lennox, moving

thence to where he now resides in 1840. He

is now one year of age, and going to Iowa at the

age of sixty-seven. He writes: "Next Thursday

(July 20), if I am spared, I will be eighty-

eight years of age." While the writer con-

fesses to be getting well on in years, he

says he has no lack of vitality and thinks

nothing of it. He adds: "Both my grand-

fathers came over from England with Wolfe

—they were engaged in the bloody battle of

Quebec, and they also served as soldiers in

the United States. Returning to Canada,

they were engaged in the bloody battle of

FRANCE IS NOT SATISFIED.

SLIMS REPLY TO THE ULTIMATUM

RECEIVED.

The King Agrees to Sign the French

Memorandum, But As to the Imple-

ment of the Ultimatum, the Minister is

Leaving Poughkeepsie.

London, July 24.—A despatch from Paris

to the Central News Agency says that Sam's

reply to the ultimatum is unsatisfactory

to the French Government and that M.

Paye, French minister resident in Bag-

dad, is preparing to leave the city.

Sam's answer.

PARIS, July 24.—Sam's reply was handed

to M. Paye, French minister resident in

Bagdad, at 5 o'clock.

The 48 hours allowed by France's ul-

timatum for a reply had not then expired.

The text of the communication is as follows:

M. le Ministre.

In reply to the communication which by

order of your Government you handed to

me on Thursday, July 20, at 6.45 in the

evening, His Majesty the King, my august

Sovereign, charges me to make to you the

following declaration:

His Majesty regards it as no precise de-

claration of war, but a declaration of

hostility. His Majesty is to understand by

the expression "the Empire of the

Empire" the Empire of the Ottoman

on the left bank of the Mekong River and

on the island of the Mekong

River. His Majesty has been ever

ready to abandon all territories over which

the exercise of rights should have been

proved and five months ago His

Majesty therefore consented to a

declaration of the French Government to

the effect that the territory on the

left bank of the Mekong River south

of a line drawn from the mouth of the

Siamme River to the mouth of the

Siamese river recently oc-

cupied by the Franco-Annamite troops

to the French Government, that is to

said territory, and the territory of the

Annamite and Cambodian territory the

river below the point indicated, be-

coming the line of separation between

the French and the Siamese

States as far as to that point as

THE BEHRING SEA QUESTION.

A Decision Expected to be Reached by

Aug. 10.

PARIS, July 24.—The arbitrators on the

Behring Sea and question are holding

long by meeting daily and will probably

finish their labors by Aug. 10.

The paper has a slightly textured appearance with some minor creases and discoloration, characteristic of old paper. The left edge of the page is bound, and the overall tone is a warm, off-white or light beige.

The four ply linen outfit sold at Harry's for \$20, are considered good value at \$20.

John German, of the 2nd con. Sidney, near Trenton, died on the 25th. He had been paralyzed for the past 15 years.

A telegram from Charlotte this a.m., states that the yacht "Nash" left there for Belleville today. All are well on board.

The police have been unable to locate the youth W. G. McLaren, who stole a gold watch from Mrs. Kennedy. McLaren is an immigrant.

The hay harvest, which is now over, has equalled expectations. Fall wheat, has turned out well, and much better than was ready for cutting.

The meeting of Conservatives to arrange for the demonstration in honor of Mr. Corby, M.P., will be held at 2 p.m. tomorrow in the Oddfellows hall.

To-morrow will be the anniversary of the abolition of slavery in the British possessions. The event will be celebrated by the colored people in several places.

Eighty-six cases of boots and shoes all from the same factory, were received today by Haines & Lockett. They are all good and from one of the best makers in the country.

Warm weather makes a demand upon the vitality which you should be prepared to meet. In order to overcome its debilitating effects, take Ayer's Sarsaparilla. It purifies and invigorates the blood, sharpens the appetite and makes the weak strong.

J. L. Thomas, formerly proprietor of the Woodbine Hotel in this city, is now proprietor of "The Boston," 1409, State street, Chicago. He invites the patronage of his Belleville friends, while taking in the White City this summer. 1343m.

The committee who have in hand the Preston boys' demonstration, held on August 16th, today received word that the True Bells and Organisms, of Gananoque, would run an excursion to Belleville on that date. The demonstration is an assured success and a large influx of visitors may be looked for.

The following Australian banks, which expended payment, have now resumed business: The Commercial Bank of Australia, the Bank of Victoria, the National Bank of Australia, the City of Melbourne Bank, the Commercial Banking Company of Sydney, and the Australian Joint Stock Bank. Others are shortly expected to open. The financial situation is steadily improving.

Mr. Moreland, from Ontario, Ottawa, who purchased fruit in this place, says that he lost \$300 on one car load shipped to New York, and that he will not try in the country this year. It is certainly too bad. H. Prince Edward fruit growers make the sale of their apples open. Mr. Moreland lost \$300 a year or so ago.—Pictou Gazette.

We are indebted to Miss Sinclair, of Indiana, formerly of Belleville, for a copy of the Report of the Canadian Presbyterian Mission in Central India for the year ending February 28th, 1893. The report is replete with interesting facts, many of them of a most encouraging character. The mission is making steady progress in the face of many difficulties.—Quebec Tribune.

## ACQUITTED ON VARIOUS CHARGES.

Patrick Doyle and John Anderson, of Bawley, Ont. charged.

The cases of Patrick Doyle and John Anderson, which have occupied the attention of Judges Laster and Frazer for nearly four days, were finally disposed of today. Doyle was charged with robbery from the person of Dr. Brown, Intelligencer at Sydney, at Belleville on June 13th, the sum of \$72. He was found guilty and allowed to go on his own recognizance, as he took the pledge and abstained from drinking liquor on his release.

It is stated that time he is arrested and found guilty of any wrong doing he is liable to be brought up for trial on the above charges. Doyle and Anderson were jointly charged with the robbery of \$8 from the person of Simon Doyle at Springfield on May 20th. They were also charged with breaking into the house of Simon Doyle and stealing therefrom a pocket book and a silver watch. On the same date it is alleged that they broke into Simon Doyle's barn and stole a pig and a hen. The defense set up that the watch and the pig did not break into the house, and that they did not break into the barn. The accused were acquitted on all the charges. W. P. McMahon and D. C. Macdonald assisted the case for the defense. Geo. E. Henderson represented the crown.

ENTRANCE EXAMINATIONS.

Those Who Were Successful at Belleville and Trent.

These examinations took place on the 28th, 29th and 30th days of June, and at Trent 35 candidates presented themselves for examination for admission to the 10th class of High School, and 190 at Belleville. Of those that wrote at Trent, 17 were successful and 14 failed to reach the required minimum in the important subjects. The failures were chiefly in grammar and arithmetic, 11 failing in grammar, 9 in arithmetic and 1 in spelling.

Of the 190 that wrote in the High School 112 have been admitted. Some were recommended, but five of these were rejected by the Central Board in Toronto as having failed in spelling or in some of the other subjects. The failures were principally in grammar, arithmetic, geography and spelling. The results of the examinations as far as admission to the 4th class, and yet a number failed in this subject. The examination would recommend a more thoughtful teaching of grammar in many of the schools, as some candidates wrote at Trent and Belleville who seemed to be ignorant of clause, analysis and parsing. Below will be found the names of the successful pupils as confirmed by the central authorities, with the schools, the names of the teachers who presented them, and the marks obtained by each.

## ENTRANCE EXAMINATIONS.

Those Who Were Successful at Belleville and Trent.

These examinations took place on the 28th, 29th and 30th days of June, and at Trent 35 candidates presented themselves for examination for admission to the 10th class of High School, and 190 at Belleville. Of those that wrote at Trent, 17 were successful and 14 failed to reach the required minimum in the important subjects. The failures were chiefly in grammar and arithmetic, 11 failing in grammar, 9 in arithmetic and 1 in spelling.

Of the 190 that wrote in the High School 112 have been admitted. Some were recommended, but five of these were rejected by the Central Board in Toronto as having failed in spelling or in some of the other subjects. The failures were principally in grammar, arithmetic, geography and spelling. The results of the examinations as far as admission to the 4th class, and yet a number failed in this subject. The examination would recommend a more thoughtful teaching of grammar in many of the schools, as some candidates wrote at Trent and Belleville who seemed to be ignorant of clause, analysis and parsing. Below will be found the names of the successful pupils as confirmed by the central authorities, with the schools, the names of the teachers who presented them, and the marks obtained by each.
